

Fen Restoration Workshop

Silverton, CO - July 13, 2010

Learn basics of wetland restoration with particular attention to mountain fens. Will include review of fen ecology and San Juan fen assessment results.

Where to meet:

Silverton Town Hall
1360 Greene St.
Silverton, Colorado

Schedule:

8:45–9:00 am: Sign-in @ Town Hall

9:00–11:30 am: Seminar/Discussion

11:45— 3 pm: Field Trip to Chattanooga & Ophir Fens and possibly other sites. *Carpool & bring lunch. We will be going on dirt roads (i.e. east side of Ophir Pass). 4WD or AWD not required but preferred.*

RSVP to save your space (limit = 25).

Registration form at www.mountainstudies.org under “What’s New”. Email form to finance@mountainstudies.org

Info: 970-247-7071

INSTRUCTORS: Rod Chimner, PhD, wetland ecologist at Michigan Tech and San Juan Fen Program scientist and MSI scientists, Koren Nydick, PhD, and Marcie Demmy Bidwell

FUNDING ASSISTANCE FROM: Town of Mountain Village, San Juan Public Lands Center (USFS/BLM), San Miguel County, and the Ballantine Family Fund

San Juan Fens Partnership meeting/tour will be held in September TBD in Mountain Village, CO. Stay tuned.
